We're Back!

SacTown VegFest Returns on January 26, 2019!

The Sacramento Vegetarian Society (SVS) invites you to sponsor SacTown VegFest (STVF) 2019, the Sacramento area's first and only 100%-vegan vegfest. Here are the details on this one-day celebration of whole-food, plant-based, vegan living:

**Saturday, January 26, 2019, 11 A.M.–4 P.M.,
Sacramento Charter High School (2315 34th Street, Sacramento).**

From our first SacTown VegFest in 2016 that attracted over 1,100 attendees, we grew to an estimated 4,000 in 2018, representing a broad cross-section of Sacramento's diverse communities.

STVF 2019 will feature an even wider variety of food vendors, exhibitors, speakers, and activities that cover the richness of plant-based/vegan living, and ways to easily and effectively incorporate those benefits into our lives. We will also greatly expand the children's area as the young (and their families) are an ongoing focus of STVF.

Together we can make STVF 2019 a celebratory, affordable, child friendly, event that will positively impact in the community and offer families and individuals plenty of options for healthier, compassionate, sustainable living.

Please take a look at the attached sponsorship form (it's a fillable PDF), and return it at your earliest convenience. Please get in touch with any questions or comments. We look forward to hearing from you.

For the Organizing Committee,

Glenn Destatte
President, Sacramento Vegetarian Society

SVS Values:

- Promote a vegan lifestyle for the health of people, animals, and the environment.
- Provide accurate information about the ethical, environmental, and health impacts associated with animal-based foods.
- Support those interested in, considering, or practicing vegan and vegetarian lifestyles, regardless of their motivations.
- Encourage restaurants, medical facilities, and other establishments in the Sacramento metropolitan area to offer more vegan options.
- Promote the planting of gardens to provide fresh produce to children and adults in the Sacramento region.
